23957	PAINT-white, 1 litre

NOTES:

- When ordering 49832 red paint, also order part numbers 49833 and 49834. These three parts (Paint, Activator and Reducer) must be premixed at a ratio of 2:1:1 respectively. This paint when mixed provides 2 sprayable quarts, which is approximately enough for one engine hood. Further instructions supplied with paint.
- Part 49835 is a paint accelerator. Adding approximately ½ to 1 oz. of accelerator per sprayable quart will speed up dry time. If paint accelerator is not added, there will be no change to paint, other than length of dry time.
